The Ocala House had thirty-six arrivals Saturday and forty yesterday.

Mr. L. M. Murray, Marx Brothers popular young traveling man, was in town Saturday night. He says he finds strong Broward and Stockton sentiment in his territory.

Use Plank's Chill Tonic. Guaranteed. Price 25 cents. Sold by all druggists.

By way of relieving your mind from the strain of Pensacola riots, watching for rain, etc., go around to the Berlin theater this evening and see the moving pictures.

The Star contributed one member to the Ocala Rifles, namely, George Wood, and if he fills his place in the ranks as well as he does in our press room, the state can ask no more.

Mrs. Julia McCredie has been making some improvements on her home on North Magnolia street. The house has been moved back into the center of the lot and repainted, the front altered and a new piazza built. It is now one of the nicest looking places in that part of town.

Sam Burnett left Sunday for Daytona, where he will follow his trade as a tailor with his brother, Oscar. Sam is a clever and straight-forward young man, and his Ocala friends part from him with regret.

Mr. H. C. Sistrunk spent Sunday in Jacksonville with his mother, returning home last night. Mr. Sistrunk says his mother is improving slowly, and bright hopes are entertained for her recovery.

Some people in this and other cities have been greatly surprised by having sidewalks fly up and hit them, thereby causing them to assume recumbent positions and discover a great many new constellations. There is no danger of this happening on the sidewalk in front of the Baptist church, as there is about a million pounds of brick piled on it.

The Dunnellon squad of the Ocala Rifles went to today via the west coast route. Several of the members of the Rifles who were out of town last night reported at the Seaboard today, but the agent had no instructions about transportation and they did not join the company.

Major T. C. Hall, of Gainesville, Ga., is in the city shaking hands with his friends.

Little Potter Liddon, the bright 4-year-old son of Mr. and Mrs. Mallory Liddon, found a can of kerosene a few days ago where it had been used in cleaning floors and drank a little of it. The little fellow suffered a great deal from the effects and was in a painful condition for several days, but is getting all right again.

The State Board of Medical Examiners are holding their annual meeting today to examine some thirty persons, among them a woman, for a certificate to practice their profession. The board consists of the following members: J. Pierpont Harris, president, Pensacola; J. D. Fernandez, secretary, Jacksonville; Drs. H. E. Palmer, Tallahassee; R. L. Harris, Orlando; A. L. Blalock, Madison; J. H. Harrison Hodges, Gainesville, and J. M. Fogarty, Key West. There were twenty-nine physicians taking the examination. The board will be in session all tomorrow and the applicants for certificates will be on the grill tomorrow night.

## MONUMENT UNVEILED

The unveiling of the monument to the late W. T. Cole yesterday was attended by a large number of Woodmen, beside other friends of the Cole family.

Thirty-five members of Fort King Camp assembled at the hall and marched to the cemetery, where they were joined by others who had preceded them. Arriving at the grave, the camp formed a wedge and stood at attention while the consul commander and other officers conducted the simple but beautiful and impressive service. A brief address was made by Mr. C. L. Bittinger, who paid a fitting tribute to the virtues of the deceased and the noble purposes of the order. The camp honors and strewing the grave with cedar sprays closed the ceremony.

The monument is a handsome and appropriate one. It is a faithful copy in stone of a section of an oak tree with the limbs lopped off, and stands on a pedestal of logs of the same pattern. The bark and grain of the wood are represented with a fidelity that is wonderful. It needs not a glance at the emblem to tell that a Woodman is buried there, and the monument is a fitting memorial to the simple and rugged virtues of the man who lies beneath it as well as appropriate to the order of which he was a worthy member.

A number of beautiful flowers were laid upon the grave. The attendance would have been much larger had it not been for the threatening looks of the weather, for few men in this city had more friends than Sovereign W. T. Cole.

## HARDSHIP ON EMPLOYERS

The sudden calling away of the military company was a great hardship on the business men of the city. The H. B. Masters Co. lost both wagon men and their places were filled with great difficulty, the Star lost its pressman, the Banner two of their men, the laundry its wagon driver, the Commercial Bank its teller, and so on around the city.

"A master piece of eloquence, fully sustaining the reputation of his countrymen for reasoning and oratory."

Mr. Blesch of Lady Lake, formerly a resident of this city, was in town today.

"Shorty" Clifford Hays returned to Brooksville this afternoon.

An effort is being made to induce Col. John M. Martin to submit his name to the democratic voters of Marion as a candidate for the legislature. Col. Martin in his day has been a man of affairs and influence. He was strenuous in war and was in the councils of the Confederacy, representing Florida in the Confederate congress. He would make a wise councilor in the Florida legislature if elected.

Master Arthur D. Bassnet, who is a protégé of Dr. J. D. Fernandez, of Jacksonville, accompanied his friend to Ocala and is taking in the town, the examinations and meetings of the society.

Carter H. Dame went down to Bartow this afternoon to strengthen the Woodmen lodge.

Two white prisoners escaped from the city jail. They were let out into the corridor, the cells being flooded from a wrenched water pipe.

Dr. R. L. Harris, of Orlando, who is a member of the Florida Medical Association and board of examiners, is a guest of the Ocala House. He is accompanied by his wife.

The Woodmar Sand & Stone Co. is putting a cement border around the base of the Confederate monument. The space between the border and base of the monument will be used as a rose garden by the ladies.

The election returns from the sub-school districts are now in and with a few exceptions all precincts voted 3 mills, those not three mills were districts where there is still considerable money in the treasury.

## A WOMAN TELLS HOW TO RELIEVE RHEUMATIC PAINS

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by all druggists.

WANTED—Student nurses at the Marion County Hospital. Reply by letter or in person to W. V. Newsom, M. D., Secretary, Ocala, Florida.
